EDUCATION

Lovely Professional University   Phagwara, Punjab
Bachelor of Technology in Computer Science and Engineering   *July. 2019 – May 2023*

B.S. Public School   Agra, UP
Secondary Education   *Apr. 2017 – May 2019*

EXPERIENCE

Software Analyst   July 2023 – Present
Capgemini Technology Services India Limited   *Pune, India*
- Actively engaged in learning and upskilling in **Microsoft Azure** to enhance cloud computing expertise.
- Collaborating with Azure-certified professionals to gain practical insights into cloud architecture and solutions.

Full Stack Developer Intern   Feb. 2023 – July 2023
Capgemini Technology Services India Limited   *Pune, India*
- Designed and developed a full stack application from scratch, utilizing **.NET, Angular, and MySQL**
- Created an API using .NET Core to power the backend of the application
- Implemented automated **testing with MSTest and Async Programming in .Net (Nunit)** for robust and reliable code
- Managed databases using **ADO.NET and LINQ**, as well as **Entity Framework** for efficient data management
- Expanded knowledge of web development technologies such as **HTML, CSS, JavaScript, ES6, and TypeScript**

PROJECTS

CropDeal | *.Net Core, Angular, MySql*
- Developed CropDeal, a web application using **.NET Core, Angular, and MySQL**, enabling direct crop sales from farmers to dealers, eliminating intermediaries.
- Created **API endpoints** for crop listings, invoices, and user profiles, ensuring smooth data flow and efficient operations.
- Implemented a secure **user authentication** system with login functionality to protect user data and application access.
- Designed and executed the front-end UI, including login, register, farmer, dealer pages, and crop selling features using **angular**.

Doogle | *Html, Css, Bootstrap 4*
- Front-end website inspired by Tinder, designed exclusively for dogs to connect and socialize.
- Developed an impressive **UI/UX** design, prioritizing smooth navigation and an enjoyable user experience for dog owners.
- Utilized **HTML, CSS, and Bootstrap 4** to create the website from scratch, showcasing a strong grasp of front-end web development technologies.
- Demonstrated proficiency in using **CSS frameworks**, highlighting the ability to effectively leverage modern tools for web development.

Tic Tac Toe | *Html, Css, Javascript*
- Designed a Tic-Tac-Toe game using **HTML, CSS, and JavaScript**, showcasing front-end web development skills.
- Developed the game logic and implemented validation checks using **JavaScript**, enhancing functionality and user interaction.
- Gained valuable insights into JavaScript concepts through the project, honing **problem-solving abilities**.
- Created a fully functional and interactive game, providing entertainment and promoting practical application of web development skills.

TECHNICAL SKILLS

Languages: C Sharp, C/C++, SQL, JavaScript, HTML, CSS
Frameworks: Dot Net, Angular, Node js, Material-UI
Developer Tools: Git, GitHub, VS Code, Visual Studio
